

Los Tuercas

single "**Bares y mataderos**"
long play "Guigneeooza" in progress
Fyn-75-CD

The fourth album of Los Tuercas

This is the fourth album of Torrent (Valencia) formed in 2005, after his debut EP "**Piruletas**" (2007), the LP "**Glamour**" (2008); and by trio format, LP "**Los Tuercas**" (2011), and soon this long "**Guigneeooza**" (2015).

Los Tuercas have wanted digital headway on the song "**Bares y Mataderos**". The LP was recorded live as they like, bases and guitars in the studio **La Nau** (Alcacer), then in **Pandemonium Sudios** make the voices and instruments to add some more as well as mixes. Paid by the producer **Uve Martinez** (Sokolov, Peepshow, Skimoes, Groovettes ...), with whom understood musically great as it is the third album with him. The design is by **David Lanza**.

"Guigneeooza" is the strange title of his 4th album (Only those occurrences that happen in the rehearsal room)

On the album you will find the rock'n'roll in castilian, most basic and very classic, concanciones as "**Bares y Mataderos**" (the single that I now present), "**Mexicana**", "**Lobo feroz**", "**Chica rock'n'roll**", "**En el infierno estoy**", "**The blues of Robert Johnson**" (King of the Delta Blues), until 10 new original songs.

Upcoming opportunities to hear the songs live

By May, prepare your presentation in an authentic "ranch" on the outskirts of Torrent (Valencia), where they will feel very comfortable, because no one canteen, but there are stables, all with a very country setting. Another presentation, this time in Valencia on **16 Toneladas** and Madrid in **La Boca Club**. And we will inform you later.

LOS TUERCAS are:
